## Experience

### Web Development Intern

01/Dec/2024 to 31/Dec/2024

[Shadow Fox](#) | [Internship](#)

- Developed a personal portfolio website and an e-commerce website from scratch.
- Gained hands-on experience in front-end and back-end web development, improving skills in HTML, CSS, JavaScript, and responsive design.

### Full-Stack Web Development Intern

01/Jan/2025 to 31/Jan/2025

[Prodigy InfoTech](#) | [Internship](#) | [LOR](#)

- Developed four projects: an authentication app, an employee management system, an e-commerce platform for a local store, and a real-time chat application.
- Enhanced full-stack development skills using technologies like React, Node.js, Express, and MongoDB while improving problem-solving and debugging abilities.

## Projects

### Recipe Sharing Platform | [GitHub Repository](#)

- Developed a recipe-sharing website using React, HTML, CSS, and Firebase.
- Users can search for new recipes, upload their own, like recipes, follow uploaders, and comment on recipes.
- Uploaders can track recipe engagement, including followers and likes for each post.

### Real-Time Chat Application | [GitHub Repository](#)

- Developed a real-time chat application using Socket.io, HTML, CSS, JavaScript, Node.js, and Express.js.
- Users can join chat rooms, send and receive messages instantly, and see active participants in real-time.
- Gained experience in WebSocket for real-time communication and backend development with Express.js.

### BharatFreeLance Hub | [GitHub Repository](#)

- Developed a website connecting freelancers and clients using HTML, CSS, JavaScript, and Firebase.
- Clients can post jobs, hire freelancers, and assign tasks, while freelancers can explore job listings, apply, and collaborate with clients.
- Features a whiteboard for idea discussions and a to-do list for tracking progress.

## Education

### GLA University

Mathura, India | 08/2022 – Present

Bachelor of Technology in Computer Science

CPI: 8.43/10

## Skills

- |          |           |              |                                  |
|----------|-----------|--------------|----------------------------------|
| • HTML   | • CSS     | • JavaScript | • MongoDB                        |
| • React  | • API     | • Java       | • Dynamic Programming            |
| • Figma  | • Node.js | • Express.js | • Data Structures and Algorithms |
| • GitHub | • OOPS    |              |                                  |

## Achievement

- Certified in Competitive Programming by W3grads. | [View Credentials](#)
- Participated in the Smart India Hackathon (GLA, August 2024). | [View Credentials](#)
- Solved 250+ LeetCode problems, strengthening algorithmic and data structures expertise. | [LeetCode Profile](#)
- Certified in Cybersecurity Foundation course by IBM. | [View Credentials](#)
